Ref.C. No. 274/Sup'28.

Station P U T T U R; , Dated the 11th DECEMBER 1928 .

From (Name) M. R. Ry. Molahalli Shiva Rao, Avergal.,

P R E S I D E N T;

(Designation) Taluk Board, Puttur, South Kanara Dt.

To The Secretary to the Government of Madras,

LOCAL SELF GOVERNMENT --- Department.
Fort Saint George, Madras.

Through,

The P R E S I D E N T,
District Board, South Kanara.

Sir,

In accordance with para 18 of G.O.No.896, P.H., dated 17th April 1928, a draft conveyance deed in respect of Puttur Hospital duly approved by the local Government pleader and the Taluk Board was sent to the District Medical Officer, South Kanara for approval. He objects to the draft on the ground that the building occupied by the Medical Officer is excluded from the conveyance deed.

2. The Hospital buildings are located in S.No.131/7 of Puttur village, while the building referred to is in a different plot viz S.No.131/9 and is quite independant and

away from the Hospital and its compound. Hence it is not -- included in the draft conveyance deed, which complies with the condition prescribed in para 1 (a) of the aforesaid Government Order which lays down that the Hospital buildings, (together with the site) on which the institution is located should be handed over by the local board as a condition precedent to the Government's taking over the management of the Hospital. The Conveyance deed is therefore quite in accordance with the conditions prescribed by Government and the contention of the District Medical Officer that the Board must hand over to --- Government the building now occupied by the Medical Officer is untenable. The Taluk Board in their resolution No.184 dated 28th September 1927, submitted in reply to Government Memorandum No.281-23-2-D-iii dated 16th September undertook to hand over the Hospital building with the site on which the institution is located and no mention was made therein of the other building.

3. The Taluk Board Office is at present located in a --- rented building consisting of only one room with a narrow side-room, the accommodation in which is quite in-adequate for the staff and the office records. The meetings of the Board are conducted in the office room itself with the greatest inconvenience both to the members and to the office staff. The building is neither well ventilated nor admits of sufficient light. For want of a suitable building we are obliged to bear patiently the hardships caused in the present building. The Taluk Board therefore wants to avail of the present opportunity of securing better accommodation for the office and transfer the office - to the other building. The Government are fully aware, that the Taluk Board cannot afford to put up a new building for the -- office on account of its financial stringency, and it is therefore but reasonable that the Board should be allowed to retain the buildings for its office use.

4. The building referred to appears to have been originally an inspection shed since converted into quarters at a cost of Rs. 100/- in the year 1895 as can be seen in G.C.No.553, I dated

The building is an old one and is in need of improvements in order to make it suitable for a doctor's residence. A monthly rent of Rs 4/- is levied from the Medical Officer for its occupation. Even if Government presses for the handing over of the building, the Government will have to spend a good sum for its improvement. Instead of this, the Government can very well put up a new building in the Hospital compound itself or can acquire the compound which lies next to that of the Hospital belonging to K.E.Mission which contains a building fit for the doctor's quarters.

5. I have, therefore, the honour to request that the Government in kind consideration of the aforesaid circumstances may be pleased to order the retention of the --- building for the use of the Taluk Board and approve of the draft conveyance deed as it is. If the Government are of opinion that the building is absolutely required for the Medical Officer's quarters till other arrangements are -- made, my Board will be prepared to rent it as was done -- hitherto. In the event of this course being considered inadvisable, I request that Government may be pleased to pay compensation for the acquisition of the building so -- that money may be utilised for the construction of an --- office building.

Your most obedient Servant.

Keshavaiah
